

Gale Presents:
Peterson's Test and Career Suite

BE THE DESTINATION FOR TEST AND CAREER PREP

HELP USERS PREPARE FOR THE FUTURE

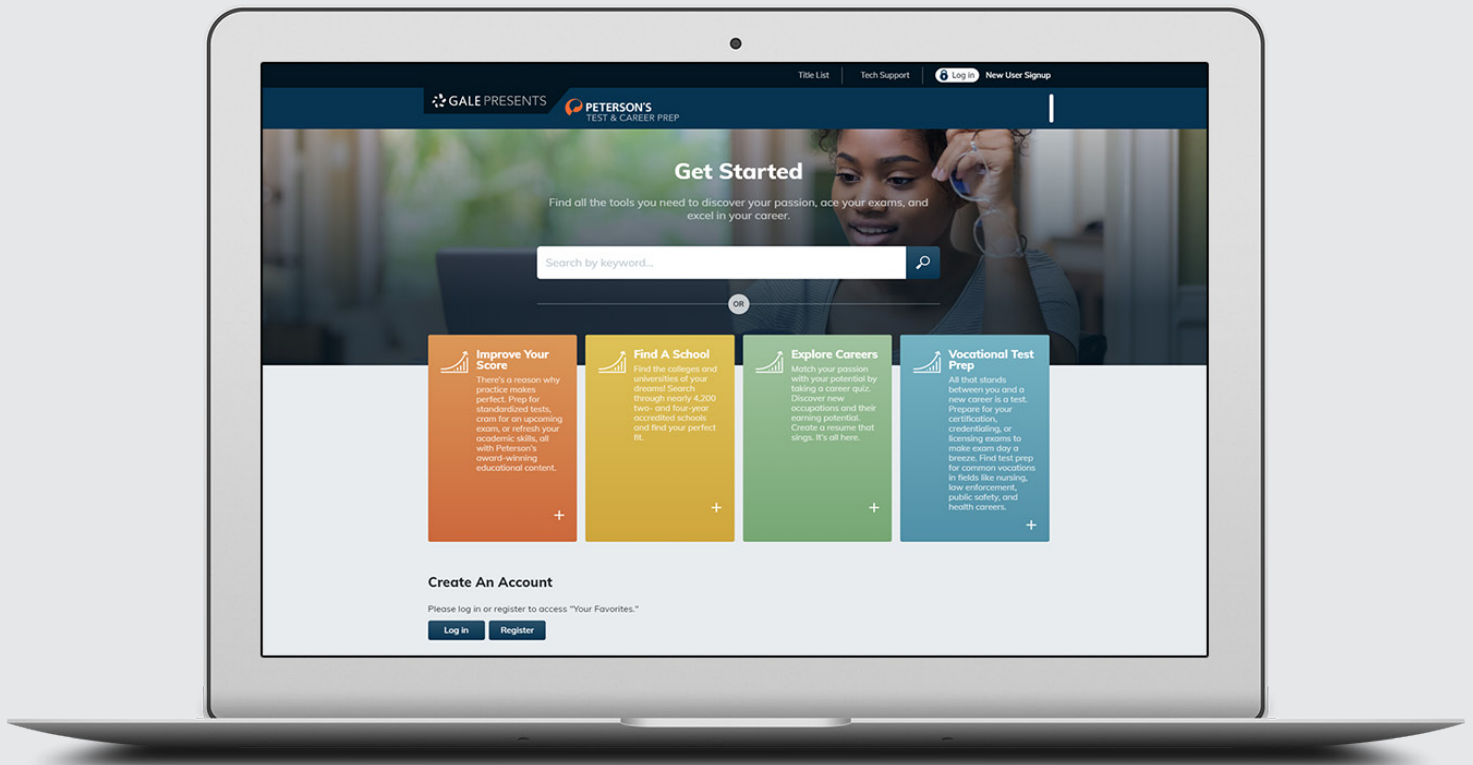

GALE PRESENTS: PETERSON'S TEST AND CAREER SUITE

From the high school or community college student just embarking on a career to someone seeking a new job opportunity, *Gale Presents: Peterson's Test and Career Suite* is essential. For test takers, there's standardized test preparation. They can select from practice tests, eBooks, and online courses—ideal for researching undergraduate and graduate programs, finding tuition assistance, and exploring and preparing for careers. Job seekers can also take advantage of personalized career assessments, which are identified from the user's

interests, values, personality, and workplace preferences. Career-prep tools include videos, an occupational database and career library, military crosswalks, and a job search powered by Indeed.com.

Gale Presents: Peterson's Test and Career Prep provides a single-user experience to access all test and career-prep content. For libraries looking for specific content, Gale offers *Gale Presents: Peterson's Test Prep* and *Gale Presents: Peterson's Career Prep*.

Features available in this suite of resources:

CAREER ASSESSMENTS

Four in-depth assessments align to the interests, values, personality, and workplace preferences of the user. Assessment results drive personalized career recommendations.

CAREER OVERVIEWS

Each career type includes recommended degree programs, knowledge, skills, and abilities. Users can also determine the projected salary and career outlook and access links to training and job searches.

OCCUPATIONAL DATABASE

Access to the Occupational Information Network (O*NET), a database developed for the U.S. Department of Labor with more than 1,100 occupational types, allows users to search for key information on a specific career path.

JOB SEARCH

The job search tool is powered by Indeed.com. Job listings are sourced from Indeed and updated daily. Users can limit results to employment type, like internship, part time, or full time.

RESUMÉ EDITING TOOL

VisualCV Resumé Creator allows users to use prebuilt templates to create visually interesting resumés, cover letters, and websites—which can be shared externally with prospective employers. Sample resumés help users target their resumés for different job types.

FINANCIAL AID TOOLS

Help students and parents discover financial aid sources and funding tips, with tools like scholarship search, financial aid award analyzer, college savings calculator, tuition cost finder, and more.

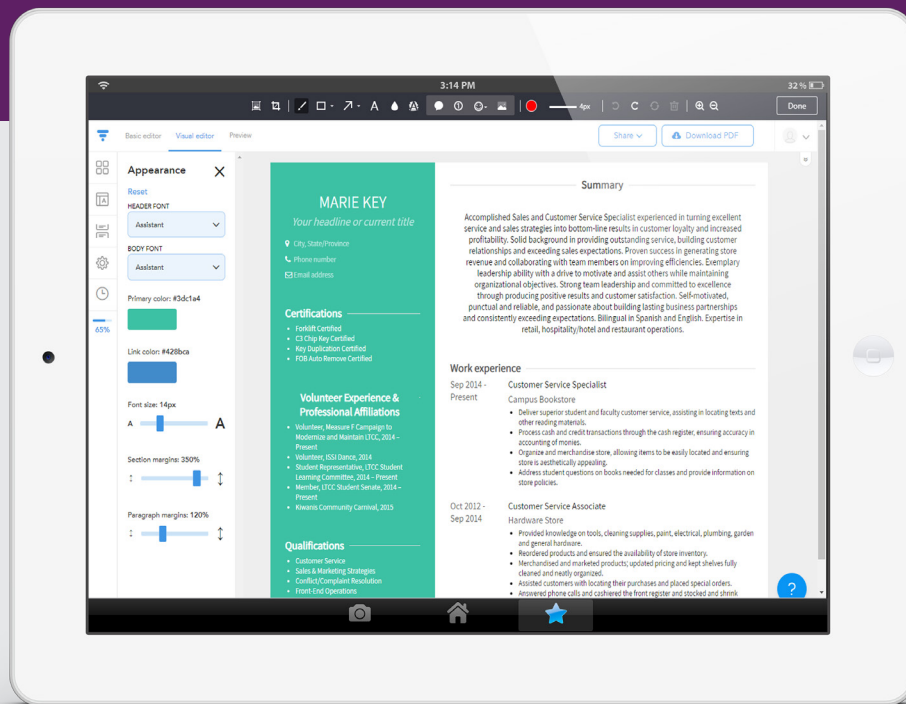

PRACTICE TESTS

Set users up for success. Improved practice tests let users retake tests, track progress over time, view grade averages, create task lists, and more, to better prepare them for admissions and program entrance exams.

24/7 ACCESS

This resource was designed to align with user needs and schedules. It's accessible anywhere and optimized for mobile use.

SEE WHAT'S INSIDE

FEATURE HIGHLIGHT

The VisualCV Resumé Creator can be found in all three test and career-prep resources. Whether users need to edit an existing resumé or create one from scratch, this tool provides several industry-specific examples and unique visual layouts to choose from. Users can also create a website to share digitally with employers.

ACCESSIBLE DESIGN

Content and tools can be accessed from any location, on any device.

EFFECTIVE FORMAT

All content supports simultaneous use, and eBooks can be downloaded as DRM-free PDF files. There's no need to worry about print books, which can become heavily used.

ENCOURAGING TONE

Assessments, articles, and tips are written in a friendly, conversational tone, so users won't feel intimidated.

DIRECT LINKS

Easily direct users to components of these resources, such as web menus, LibGuides, programming materials, social media, etc.

PROMOTIONAL MATERIALS

Download ready-to-use and customizable materials to promote this resource within your library, online, and via social media, to drive awareness and usage.
