STUDY POLITICS AND SOCIETY THROUGH THE LENS OF EDI

Amplify equity, diversity, and inclusion (EDI) initiatives and deepen insights into global cultural and gender studies, political science, and more with new and forthcoming digital archives.

Portrait of Russian-born American feminist activist Emma Goldman, from the cover of her pamphlet *The Place of the Individual in Society*, circa 1940. This work is one of the many texts in *Political Extremism and Radicalism: Global Communist and Socialist Movements*. Turn the page to learn more about the third collection in this award-winning series from *Gale Primary Sources*.

Uncover 500 years of political history and witness its impact on society. With new primary source collections in award-winning archives, students and researchers can explore the narratives of marginalised people that share valuable stories and support equity, diversity, and inclusion. Learn how using *Gale Primary Sources* can reveal new, underrepresented voices in both research and instruction at your library.

SUPPORT RESEARCH, TEACHING, AND LEARNING

- Help students and researchers learn how to conduct meaningful searches across Gale's digitised resources and create impactful visual stories through primary source text.
- Establish comparative arguments and counternarratives to illuminate better research.
- Spark new findings from rare, never-before-digitised media to make sense of history as it happened—and inform current events.

1906 — 1914

POLITICAL EXTREMISM AND RADICALISM: GLOBAL COMMUNIST AND SOCIALIST MOVEMENTS

The primary sources in this collection come from multiple regions, offering the opportunity for a comparative global study of left-wing thinking. For example, researchers can unearth how communist parties differ worldwide, why communism or socialism succeeds in some countries and not others, and the characteristics of these movements in different countries. The third collection in the *Political Extremism and Radicalism* series provides insight into how these groups saw themselves and the world around them during the major political and social events that occurred in the twentieth century.

ABOUT THE COLLECTION

Size: Approximately 870,000 pages

Sources: University of California, Davis; Senate House Library, University of London; Yale University; Harvard Law School Library; New York University; The British Library; Federal Bureau of Investigation (FBI); Independent Labour Publications

Date Range: 1800–2012 (primarily 1880–1950)

Support Digital Humanities: Integrates with *Gale Digital Scholar Lab*

TOPICS COVERED

- Similarities and differences between communist and socialist movements, such as Maoism and Trotskyism, in different countries
- The impact of the Far Left on economic, political, and cultural elements of the capitalist world
- The Russian Revolution and the world's response to the rise of the Soviet Union
- The Red Scare in the United States and anti-socialist organizations in Britain
- Anarchism
- Transnational communist and socialist movements

ALSO IN THE SERIES

Political Extremism and Radicalism: Far-Right and Left Political Groups in the U.S., Europe, and Australia in the Twentieth Century

Explore the development, actions, and ideologies behind extremism and radicalism in the twentieth century.

Political Extremism and Radicalism: Far-Right Groups in America

Focus on groups on the right of the political spectrum, especially white supremacist and nationalist groups in the United States.

Award-Winning Series:

Political Extremism and Radicalism

was a winner of the Platinum Award at the 2022 Modern Library Awards and winner of the 2022 SIIA CODiE Award for Best Library Reference or Educational Database.

 PLATINUM WINNER,

AVAILABLE SPRING 2024

ARCHIVES OF SEXUALITY AND GENDER: COMMUNITY AND IDENTITY IN NORTH AMERICA

This collection of twentieth-century primary sources explores society, sexual identity, community building, and gender issues through materials gathered from libraries and archives in Canada, the United States, and Mexico. In addition to highlighting the role of community groups and organisations in modern LGBTQ+ history, the archive sheds light on other areas of gender and sexuality, such as alternative sexualities, gender equality, sex and religion, disabilities, and race and ethnicity. The materials provide coverage of activism and social justice issues, highlight disabilities in queer society, and document diverse ethnic communities across North America. These collections also detail how identities developed in different social conditions and regions of North America and how communities grew around dedicated, often courageous individuals.

ABOUT THE COLLECTION

Size: Approximately 670,000 pages

Sources: The ArQuives, Toronto; the GLBT Historical Society; Biblioteca Daniel Cosío Villegas, Colegio de México; Elihu Burritt Library, Central Connecticut State University

GALE DIGITAL SCHOLAR LAB

Group Projects, Faster Outcomes, Better Research

With the help of feedback from librarians, faculty, and students, Gale continuously refreshes its award-winning data-mining research environment. Open even more valuable research pathways with *Gale Digital Scholar Lab*, the intuitive, cloud-based analysis platform that helps tell impactful visual stories with data.

REMOVE BARRIERS TO DIGITAL HUMANITIES:

Since its launch in 2018, *Gale Digital Scholar Lab* has promoted digital scholarship for all. And with help from streamlined tools and a comprehensive Learning Center, the platform sets users of all skill levels right to work with accessible workflows that help analyse any plain-text data, regardless of technical experience.

HARNESS THE POWER OF DATA-LED SCHOLARSHIP:

With *Gale Digital Scholar Lab*, the sourcing, cleaning, and analysis of millions of pages of content in *Gale Primary Sources* have evolved using enhanced visualisation techniques and natural language processing.

BOOST USAGE OF YOUR LIBRARY'S INSTITUTIONAL INVESTMENT:

Libraries that use the *Lab* to analyse their *Gale Primary Sources* holdings have consistently shown increases in usage of and familiarity with this content.

NOW RESEARCHERS CAN:

Work in Groups: Using *Gale Digital Scholar Lab: Groups*, students and faculty can collaborate in real time with others in the institution directly within the platform.

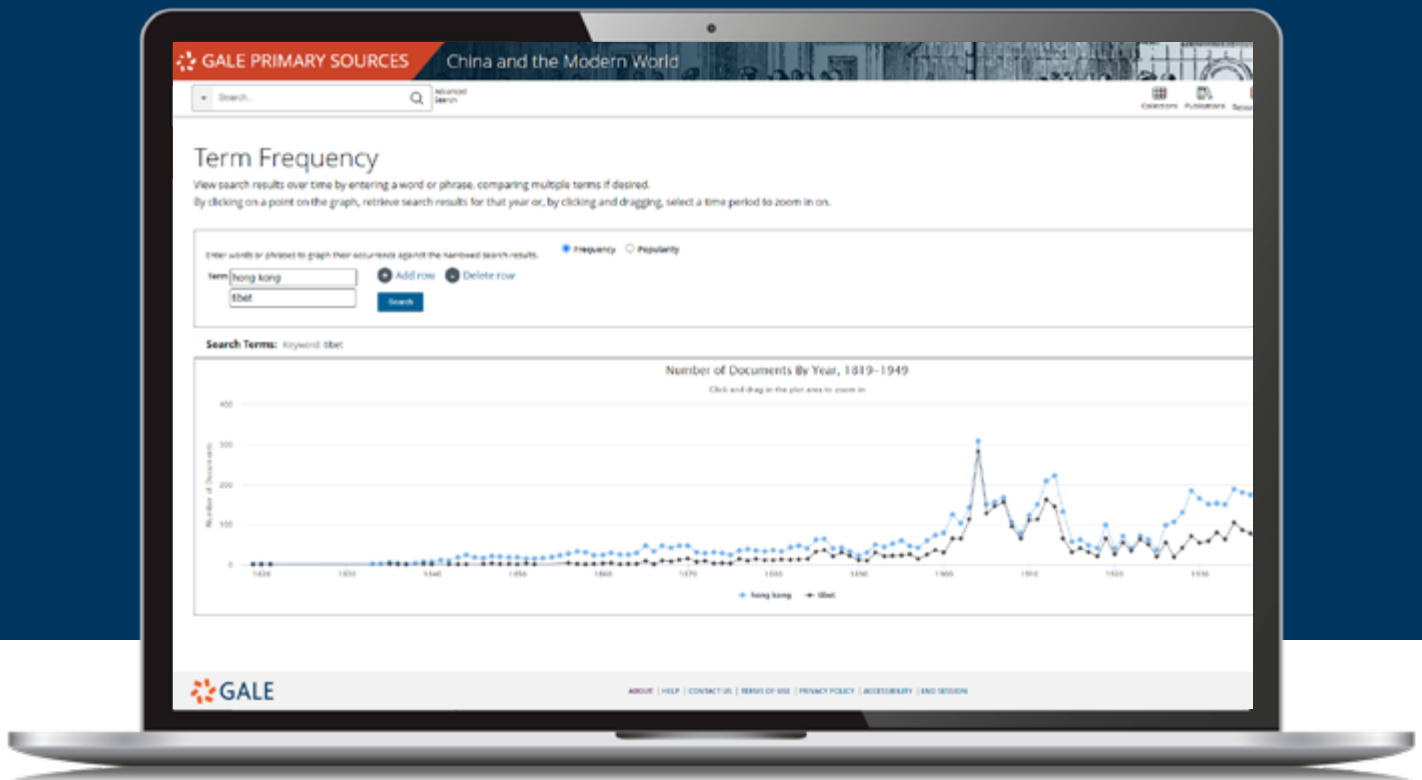

Differentiate Their Workflows: Optimised layouts for the *Lab*'s **Build, Clean, Analyze** framework provide more interactivity with visualisations, enabling enhanced exploration of topics.

Assess at a Glance: The new Analysis Dashboard provides researchers with an at-a-glance view of their work.

Access Their Work Quickly: With Shibboleth authentication, users can log in using their university credentials for a simplified experience.

Acquire New Digital Skills for the Workforce: The comprehensive Learning Center is continually updated with revised content and multimedia, as well as sample projects, to promote digital literacy in the classroom and the workforce beyond.

AN ENHANCED PLATFORM

Gale's commitment to the accessibility of digitised historical documents is second to none. New core enhancements to the *Gale Primary Sources* platform streamline the discovery of meaningful search results across tens of millions of pages.

Researchers have come to expect the powerful analysis tools, embedded image viewer, deep content tagging, and optical character recognition (OCR) output that are core to the *Gale Primary Sources* experience. With Gale's pledge to continuous improvement, now users can:

Cross-Search Among an Unprecedented Number of *Gale Primary Sources* Collections:

Gale is migrating each of its archives to a unified environment that supports dynamic search, among other powerful benefits. The result? Your institution can offer new research possibilities with unsurpassed relevance, all on one cohesive interface.

View OCR Side by Side: With downloadable plain-text OCR now viewable alongside each scanned image—with a built-in confidence score—users can search their library's *Gale Primary Sources* holdings; read through its associated OCR quickly; then export the plain text for further analysis, such as within *Gale Digital Scholar Lab*.

Browse Collections: On select archives, users can browse the collections instead of using search, for additional entry points to the content they need.

NEW FROM THE MAKING OF MODERN LAW

AVAILABLE SUMMER 2023

THE MAKING OF MODERN LAW: RECORDS AND BRIEFS ON KEY ISSUES FROM THE UNITED STATES COURTS OF APPEALS, 1891–1980

Established in 1891, federal appellate courts—called the United States Courts of Appeals—sit just below the United States Supreme Court, and whose documents are equally valuable records that provide trial history, depositions, transcripts, and arguments. As the 13th instalment in *The Making of Modern Law* and covering over 500 cases, this collection puts a concentrated focus on critical issues that continue to occupy the American social and political landscape, such as reproductive rights, gun ownership laws, incarceration and the rights of prisoners, environmental policy, and more, filling critical gaps in prior offerings on a case-by-case basis. This fundamental resource is a recommended addition to libraries already subscribing to *The Making of Modern Law*.

THE MAKING OF MODERN LAW: LANDMARK RECORDS AND BRIEFS OF THE U.S. COURTS OF APPEALS, PART I: 1950–1980, AND PART II: 1891–1950

Expanding the depth and breadth of Gale’s exhaustive legal primary source materials, *The Making of Modern Law: Landmark Records and Briefs of the U.S. Courts of Appeals, Parts I and II* offer digital access to almost 90 years of critical legal doctrine. These collections support legal research and scholarship, serving not only students and scholars of legal history but also researchers across the humanities and social sciences, from sociology, economics, and political science to literature, philosophy, and religion.

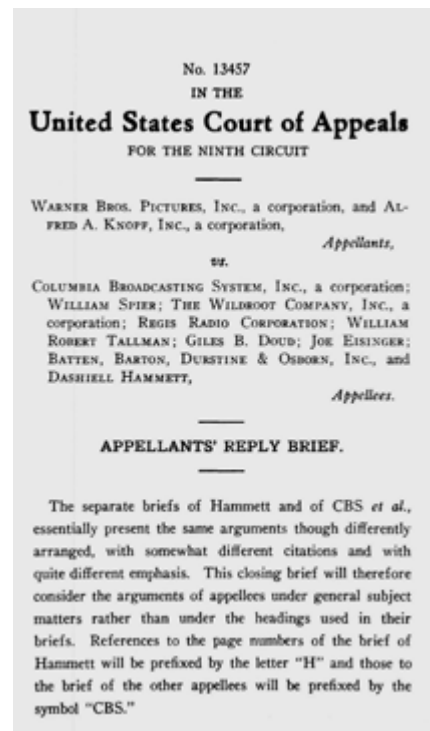

ABOUT THESE COLLECTIONS

Size: Approximately 2 million pages

Sources: Law Library, Library of Congress; Lillian Goldman Law Library, Yale Law School; National Archives Records Administration; Library of the New York City Bar Association; and more

Date Range: 1891–1980

Support Digital Humanities: Integrates with *Gale Digital Scholar Lab*

AVAILABLE SPRING 2024

DISABILITIES IN SOCIETY, SEVENTEENTH TO TWENTIETH CENTURY

Disabilities in Society demonstrates how society has interacted with and treated individuals with disabilities historically. Materials include personal memoirs, records of treatments, methods of education, and forms of remediation. Included are reports and proceedings of organisations and institutions that sought to help or heal those with disabilities are included, as well as records of policies and programs. Through this collection, researchers will grasp the many forms of institutional discrimination, political exclusion, and social control against disabled individuals. This collection also documents the rise of disability movements and their efforts to gain political power. Materials chronicle how individuals were classified and treated and how some overcame physical or mental challenges to change perceptions of what it means to be disabled.

ABOUT THE COLLECTION

Size: Nearly 600,000 pages

Sources: New York Academy of Medicine

Date Range: Seventeenth to twentieth centuries

AVAILABLE AUTUMN 2023

POWER TO THE PEOPLE!: COUNTERCULTURE, SOCIAL MOVEMENTS, AND THE ALTERNATIVE PRESS, 1960–2015

Power to the People! covers a range of ideas, initiatives, and social movements devoted to people-powered politics and organisations from the twentieth century. The archive ranges beyond a few specific campaigns, painting instead a broad picture of the counterculture and the many disparate organisations that represented this period in modern Western history. Although the archive concentrates mainly on those movements that operated in the United States and the United Kingdom, it also includes content that covers events and topics from around the globe. These primary sources document issues of social justice and how attitudes about civil rights, gender equality, the environment, the government, and many of society's institutions shifted dramatically to include citizen involvement, public welfare, and the planet's health.

ABOUT THE COLLECTION

Size: Nearly 600,000 pages

LEARNING CENTERS FOR GALE PRIMARY SOURCES

Enhance Classroom Instruction and Spark Inspiration

Gale now offers instructional support on select *Gale Primary Sources* archives to make them as accessible as possible—at no additional cost to the library.

Built with the student researcher in mind, Learning Centers pursue an urgent goal: to help connect the library's interdisciplinary content to student success.

HOW LEARNING CENTERS PROMOTE USAGE AND AMPLIFY DATA LITERACY IN THE CLASSROOM:

- Orient new users with the content available in a digital archive.
- Provide guidance and best practices for searching, browsing, citing, and reusing primary sources.
- Spark inspiration for new research topics.

CREATE MORE PATHWAYS TO LEARNING

Each new *Gale Primary Sources* collection will launch a companion Learning Center within three months of release. The list of existing digital archives with Learning Centers has expanded to nearly 40, including the following:

American Historical Periodicals from the American Antiquarian Society

Archives of Sexuality and Gender

British Library Newspapers

China and the Modern World

The Economist Historical Archive

Eighteenth Century Collections Online

Indigenous Peoples of North America

The Making of the Modern World

Nineteenth Century Collections Online

Nineteenth Century UK Periodicals

Nineteenth Century U.S. Newspapers

SABIN AMERICANA: HISTORY OF THE AMERICAS, 1500–1926

Sabin Americana offers a perspective on life in the Western Hemisphere, encompassing the arrival of the Europeans on the shores of North America in the late fifteenth century to the first decades of the twentieth century. Covering more than 400 years and more than 65,000 volumes in North, Central, and South America and the West Indies, this vast collection highlights the society, politics, religious beliefs, culture, contemporary opinions, and momentous events of the time through sermons, political tracts, newspapers, books, pamphlets, maps, legislation, literature, and more.

ABOUT THE COLLECTION

Size: Nearly 13 million pages

Sources: Joseph Sabin's bibliography, *Bibliotheca Americana: A Dictionary of Books Relating to America, from Its Discovery to the Present Time*

Date Range: 1500–1926

AVAILABLE SUMMER 2023

ENVIRONMENTAL HISTORY: CONSERVATION AND PUBLIC POLICY IN AMERICA, 1870–1980

This diverse collection offers a glimpse into the many actors and agencies whose efforts shaped modern policy and legislation in conservation and environmental protection in the United States. Researchers will find the work of individual movers and shakers, such as early environmentalists George Bird Grinnell and “Father of Forestry” Joseph Trimble Rothrock, as well as later activists, like Rosalie Edge and Velma “Wild Horse Annie” Johnston. They can sift through a century’s worth of agency records, such as the U.S. Forest Service, the U.S. Bureau of Reclamation, and the many departments focused on conservation and land-use matters, from water conservation to wildlife management, at both the state and municipal levels.

ABOUT THE COLLECTION

Size: Over 450,000 pages
