## JAPAN: RECORDS OF THE U.S. DEPARTMENT OF STATE RELATING TO POLITICAL RELATIONS, 1945-1949

---

Japan in the summer of 1945 was a nation totally exhausted by war. The Allied Occupation, dedicated to political and social reform, thoroughly transformed the country in a remarkably short period of time. This is one of three digital collections based on the microfilm title *Records of the U.S. Department of State Relating to United States Political Relations with Japan, 1930-1954*. The source material contains Decimal File 711.94.
